EVACUATION PLAN - PBSUCCESS

MISSION

Return of PBSUCCESS supplies and equipment to KUBARK control by assembly and movement to [REDACTED]. Those supplies still in the United States will be brought back into the KUBARK supply system in CONUS.

SUPPLY

1. PBSUCCESS personnel will be responsible for the collection and consolidation of all materiel in their area and the necessary arrangements for air delivery to Logistics personnel at [REDACTED]. The Logistics Office will furnish technical assistance in the PBSUCCESS area upon request.

2. The Supply Division, Logistics Office, will be responsible for:

a. Ascertaining the quantity of materiel to be stored at [REDACTED] and determining the facilities to be used. This will be coordinated with the Real Estate and Construction Division.

b. Dispatching an inspection, packaging and warehouse team to [REDACTED] to effect receipt, inspection, inventory and packaging of PBSUCCESS materiel.

c. Accounting for or disposing of materiel, as inspection indicates, in accordance with Agency regulations.

d. Preparing materiel for immediate issue, but packaged for long term storage.

e. Providing the [REDACTED] team with suitable long term packaging material and equipment.

f. Providing [REDACTED], for planning purposes, with an estimate of weights, cubes, quantities and types of materiel to be airlifted from the PBSUCCESS area to [REDACTED] based on shipments to the area.

g. Causing necessary action to cancel all outstanding requisitions and procurement actions.

h. Advising [REDACTED] as to quantity, weight, type and cube of materiel to be airlifted.

i. Issuing instructions for marking of materiel for shipment.

j. Coordinating with [REDACTED] to effect necessary airlift schedule.

### TRANSPORTATION

PSUCCESS materiel assembled will be airlifted to [REDACTED] Such  
airlift will be in consonance with necessary security and cover. 25X1A2d2

### FACILITIES

1. The Real Estate and Construction Division will ascertain the location and type of real property acquired and in use by or for PSUCCESS and when such property can be vacated.

2. Consistent with security and cover considerations, the property will be disposed of in accordance with Agency regulations.

### LOGISTICS PERSONNEL

1. Personnel assigned to effect the Logistics evacuation plan will, while in the PSUCCESS area, be under the administrative control of the senior KUBARK representative present in the area.

25X1A2d2 2. Those personnel dispatched to [REDACTED] will be under administrative control of the Chief of Station, [REDACTED]. The same will apply to those moving from the PSUCCESS area to [REDACTED].

3. All logistics personnel in both areas will at all times be under the technical control of the Logistics Office, through a designated senior Logistics representative.

25X1A2d2 4. Personnel excess to requirements at [REDACTED] will be returned to Headquarters as expeditiously as possible.

5. Logistics liaison officer will be dispatched to the PSUCCESS area to supervise all aspects of materiel handling. This officer will be under the technical control of the senior Logistics representative at [REDACTED]
